

No. 13-30/2023-M&T (I&P) (124416)
Government of India
Ministry of Agriculture & Farmers Welfare
(Department of Agriculture & Farmers Welfare)
(Mechanization & Technology Division)

547, Krishi Bhawan, New Delhi
Dated the 12th September 2023

Subject: Centralized Coding Systems for agriculture machines and equipments under subsidy programmes – clarifications regarding.

This is in reference to the representations received from various agricultural machinery manufacturers/manufacturing associations regarding difficulties being experienced in font type and font size on agriculture machines, while following central coding system guidelines issued by the DA&FW.

In this regard, it is clarified that the manufacturers should follow the font type and size as indicated in the guidelines issued by the Department. However, depending on the machine design and space constraints for various machines, the manufacturers are allowed the font size lesser than that is indicated in the guidelines which can be conveniently put on the body of the machines. However, it should be ensured that the code is clearly identifiable and visible on the machines.

This issues with the approval of competent authority of this Department.

(Dr. V.N. Kale)

Additional Commissioner (Machinery)

To,

- 1) Agriculture Departments, All State Governments
- 2) All Machinery Manufacturing Associations
- 3) All FMTTIs/Identified Testing Institutions
